

BIRD BOOKMARK

Steer away from run-of-the-mill page markers with these custom character corner bookmarks. Simple to make—thanks to this template—customizable bookmarks will make reading even more enticing!

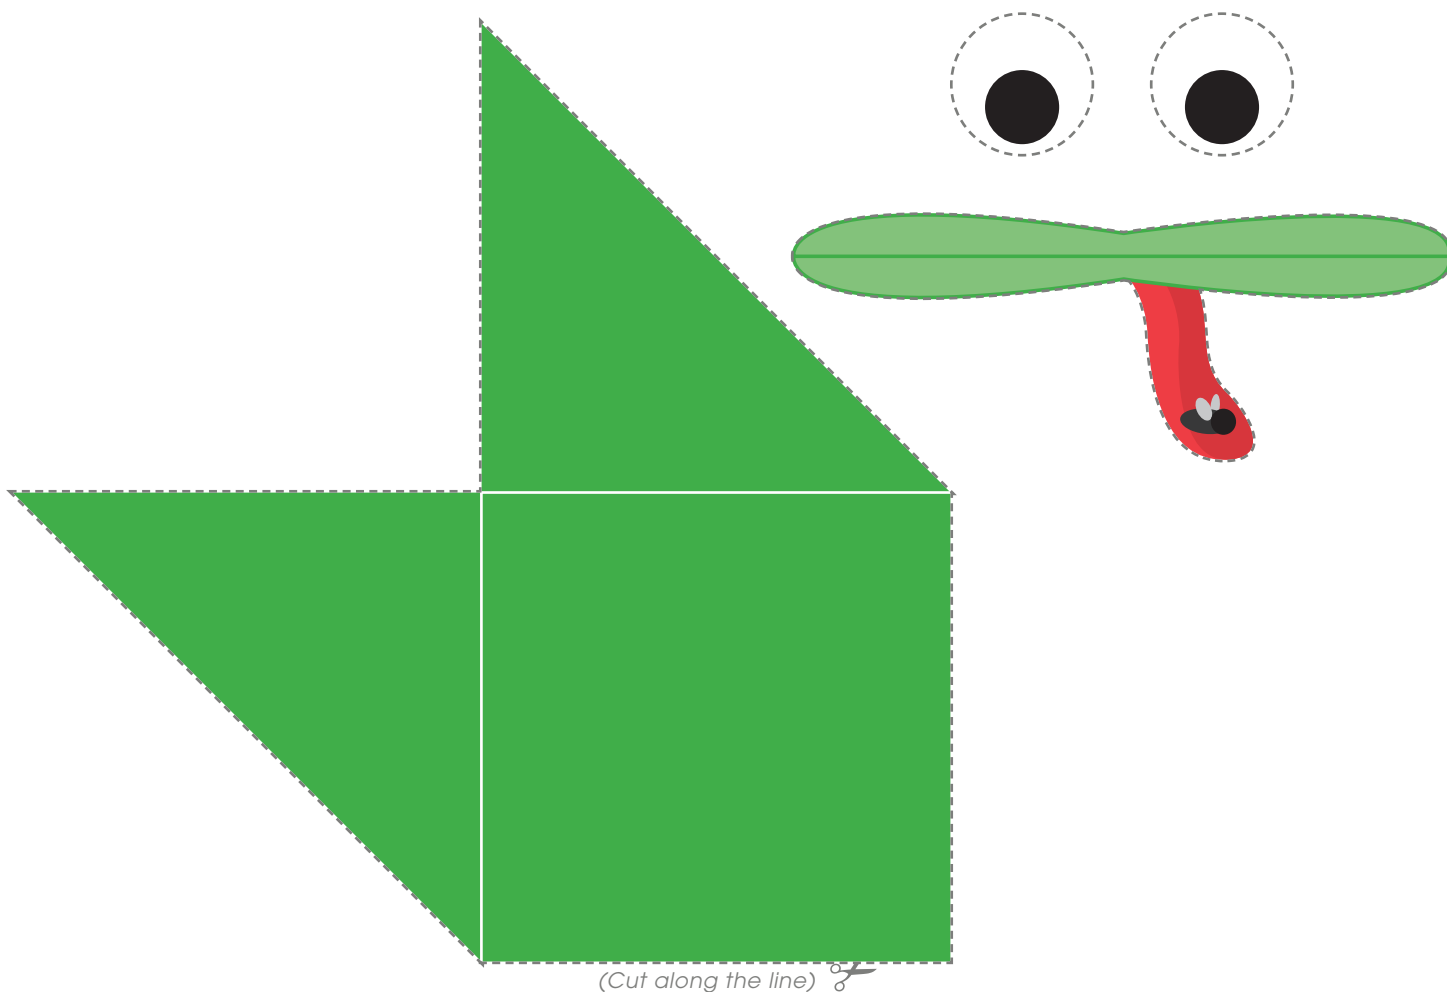

1. Cut out the bookmark template and facial features.
2. Hold the template so that the two skinny triangle points are facing up. Fold one of the skinny triangle sides completely toward the center, using the white line as reference for where the crease should appear. Repeat with the other skinny triangle point, overlapping the first fold. Use glue to hold in place.
3. Then glue on the eyes and mouth. You can also add additional craft embellishments, like feathers and ribbon.
4. Slip the character bookmark on the corner of your favorite book to mark your place!
