

PET FOOD & TREAT STORAGE LABELS

INSTRUCTIONS:

1. Print the labels out on an 8.5 x 11-inch sheet of label paper. *(You can use printer paper, but you will have to glue them to your vessel.)*
2. Cut out each shape following the dashed lines. For the gift tag, use a hole punch to remove the small circle.
3. Remove the backing of your labels, and press gently on them to adhere them to your storage containers. For the gift tag, you will not have to remove the back; instead, attach the tag to a gift package with a piece of ribbon or string.
