

OVERVIEW:

Knock out your spring cleaning goals in one month with this printable checklist that will have your house shining like new in no time!

Download this spring cleaning countdown to keep track of your goals for the season.

WHAT'S INCLUDED:

- **A printable countdown of your spring cleaning goals**

Print this checklist and leave it somewhere to reference while you clean.

HOW TO TACKLE
Spring cleaning
IN ONE MONTH

Week One: Declutter

Decluttering and organizing should be done before any major cleaning, as you don't want to be dusting and wiping things that you may not even end up keeping.

- Closets
- Bathroom
- Basement
- Garage

Week Two: Clean

After decluttering, it's time to start deep cleaning and disinfecting your home. Wipe everything down and don't forget about those often skipped over areas.

- Countertops
- Flooring
- Dusty corners
- Furniture
- Baseboards
- Behind/under furniture

Weeks Three and Four: DIY or Remodel

There are plenty of projects to consider—turning your typical storage bins into hanging shelves, making decorative trays to spruce up your decor, replacing kitchen hardware, or repainting areas in desperate need of a revamp. Fill in this part of the checklist and cross off as you go!
